# DFY A.I

🕰️ Quick Start Guide 🕰️

==*Welcome to Done For You AI.*==

==*This short and sweet guide will get you setup with the AI in minutes!*==

==🔥🔥 *You made a smart choice - now let's get going, in seconds* 👇==

1. Accessing Everything - Members Area

First, visit the **DFY AI members area** by logging in to your WarriorPlus account - now click your **username** in the red + click "**purchase history**":

There you will find all the recent purchases you made on Warrior - including links to all the DFY AI members pages. NOTE: If you grabbed the PRO upsell, then visit THIS members page to create your account (not the main "DFY AI" offer).

2. On The Members Area…

You will be able to create the accounts for the software tools. Be sure to use the email address that you purchased with on WarriorPlus when creating accounts.

3. Getting Updates (To AI + DFY AI)

AI is constantly changing (according to the German CEO of Microsoft, as of March 9th that GPT-4 is coming next week!). I do regular updates to the core DFY AI tools, and also webinars with new training and tactics.

To ensure you get access to all this, hit reply to my "welcome email". I will send you a bonus AND it will ensure my email is whitelisted.

4. Your Extra Software

As promised, here are some extra software tools. These are not strictly required to use DFY AI. But they do connect with the software, and so will be useful...

Be sure to check out **Remixable**, my marquee software.

Remixable is the all-in-1 software I used to build ALL pages + videos for DFY AI!

Basically, Remixable + AI is how I did ALL of the funnel

OK, keep your eye on your email. More big updates dropping through March 2023 and beyond!
